## Kuropatkin Prepares To Meet Kuroki

Associated Press Cable to the Star.

KUROKI'S HEADQUARTERS, June 18.—General Kuropatkin is assembling large forces to oppose the Japanese advance. A great battle is imminent.

## DELEGATES AT CHICAGO

CHICAGO, June 18.—The Republican National Convention delegates from Hawaii, California and the Philippines have arrived here. There is a question as to the right of the Philippine delegates to sit, but it is stated that they may be seated. Governor Carter, chairman of the Hawaiian delegation, says that Hawaii desires legislation at the hands of the next Congress, but that a special plank in the national platform setting forth her wishes is not necessary. Senator Fairbanks is the probable nominee for vice-president.

## AMERICAN DERBY RECORD

CHICAGO, June 18.—Highball won the American Derby today in 2:33, which equals the best time ever made. The Pickett made the same time last year. Woodson was second and Rapid Waters third.

### KINAU ARRIVES ON TIME.

## YOUR WIFE AS EXECUTOR

In the administration of an estate we act with another appointee if desired. For example, your wife can be made one of your executors, and as the other we would relieve her of the arduous part of the work and keep the estate clear of legal entanglements. Consultation about it will cost you nothing.

## Nachur Man An Perlese Get In a Fite Toda

HIGH SHERIFF SAYS DARLING IS A VAG WHILE DARLING CLAIMS TO BE LECTURING FOR BENEFIT OF HUMANITY'S HEALTH—NATURE MAN WILL BE PROSECUTED ON MONDAY.

The Nature Man is to be up against it on Monday. This morning the hairy man was interviewed by High Sheriff Brown. The head to the police department declared that the Nature Man was a common vagrant. Darling demurred and insisted that he was not a vagrant. He contended that he was around "lecturing" for the benefit of the health of the human race.

The High Sheriff did not see it in this light. He contended that the Nature Man was a vag and quite a cheap common one at that, but he offered to refrain until Tuesday from prosecuting the Nature Man in order to allow the fellow to get out of the city by the Sierra which sails on Tuesday for the coast.

Darling declined to depart. He felt certain that he was not a vag or at least, he said he felt certain he was not a vag and he proposed to stand by his guns. The result was that Darling

### AFTER RICHARDSON'S BONDSMEN

Return of summons has been made in the suit of the Territory, by Superintendent Holloway, against the bondsmen of E. Vivian Richardson, the former clerk of the water works, who is charged with embezzlement. The suit is against David Kawakawa, J. E. Colburn, Cecil Brown and the Henry Waterhouse Trust Company as administrators of the estate of the late W. H. Cornwell, one of Richardson's bondsmen. The complaint sets forth that Richardson collected and did not turn in to the Territory the sum of \$2,825, and that sum is asked from the defendants under their bond of \$3,000.

### SAILORS ARE SCARCE

There is a shortage of sailors on the water front. There are few sailors to be secured. Even Union sailors are scarce. The result is that vessels desiring to get away from this port, are being detained, waiting for crews. The ship Edward Sewall has been delayed since the first of the week waiting for a crew. Other vessels will probably experience the same difficulty. The Sewall will be the first sugar craft to get away for Delaware Breakwater.

## The Land Movements of the Mikado's Forces Have Been Rapid

Japan has not lost an opportunity to rush forward against her foe since the land campaign commenced. The energy and rapidity of her movements have been remarkable. While the Russians have been slowly getting into shape to attack the Japs have struck blow after blow, that has sapped the enemy's strength and demoralized the Czar's army. It is these sharp, decisive blows that make one Jap soldier equal to two of the Russians.

## JUSTICE HATCH HAS ACCEPTED

Associate Justice F. M. Hatch has qualified and is now a member of the Supreme Court. This morning he took the oath of office before Chief Justice Frear. Yesterday Hatch expressed himself as not having fully decided to accept the position, but he decided today to take the bench. The court will meet on Monday for its first session since organization.

## ACTING GOVERNOR READY FOR REPORT

HEADS OF DEPARTMENTS AND BUSINESS ORGANIZATIONS ASKED FOR DATA AND SUGGESTIONS

Acting Governor Atkinson is about to begin work upon the annual report of the Governor of Hawaii to the Secretary of the Interior. Governor Carter's absence includes the time for preparation of such report and it will therefore be prepared by Atkinson.

The acting governor has sent communications to the various heads of departments, asking for their reports which will contain material for the general report which is to be sent to Washington for the President. The Chamber of Commerce, Merchants' Association and other bodies have been communicated with also and invited to make suggestions for the report.

The report is to contain a general statement of the year's conditions throughout the Territory, with recommendations for legislation. The acting governor will receive suggestions from the local commercial and other organizations and will begin work at once on the report.

## AGENCY OF OLAA MAY BE CHANGED

NEW CAPITAL FROM MAINLAND SAID TO BE BEHIND THE ENTERPRISE—WHAT BERRY SAYS.

Local rumors regarding Olaa Plantation are to the effect that there will be a change in the agency of the big Hawaii plantation, and that new capital from the mainland will be behind the concern. The visit of prominent men connected with the enterprise to San Francisco in connection with the affairs of the B. F. Dillingham Company had much to do with Olaa's future. It is not known except to those who have been conducting negotiations how far they have gone.

Q. H. Berry's Commercial Agency report has the following regarding the future of the great plantation:

"There are persistent rumors of somewhat of a change in business all around Olaa Plantation affairs, but those interested declare positively that as yet there is nothing definite in the way of a statement for the business community or general public. The stock has sold as low as \$3 per share. However the prophets are all at sea. Some insist that the property will yet prove itself worthy and others are strangely of the opinion that there must be a long wait for readjustment. Mr. Bottomley, the head auditor of Bishop & Co., left for Hilo in Tuesday's steamer, with an assistant, he spent a week or more in the Olaa offices some months ago. Mr. Paxton of the Dillingham Company and Mr. Thurston, an attorney for the Dillingham interest, are yet at the coast. The Olaa affairs, are yet at the coast. The great Bank of California, one of the greatest financial institutions on the continent is mentioned as a probable element in the Olaa reorganization. If this be correct then a flourishing future for the enterprise is certainly assured.
